The Elk Grove Unified School District Facility Master Plan identifies up to \$30.8 million of facilities improvement needs at Valley High School over the next ten years.

To address these needs, and facilities needs identified across the District, a school facilities bond, Measure M, has been placed on the November 2016 ballot. If Measure M is approved by the voters, the proceeds will be used to upgrade and modernize facilities to provide 21st Century learning environments at all schools.

Other priorities identified at Valley High School:

- Modernize classroom features to current District standards
- Major building systems upgrades including heating and air conditioning, roofing and alarms or intercom
- Security measures including camera systems and fencing
- Technology improvements
- Artificial turf and all-weather track and field facilities
- Restroom renovations
- Drinking fountains
- Hardcourt improvements
- Gymnasium and locker rooms improvement
- Interior and exterior paint
- Campus lighting enhancements
- Carpeting and flooring improvements

Project priorities will be determined by the Board of Education. Approval of Measure M does not guarantee all needed improvements will be completed due to the unpredictable nature of construction costs and the uncertainty of State and developer mitigation funding sources.
